

Sleek, contemporary security of office fronts

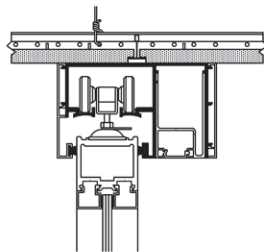

Frameworks Slim Slider provides privacy and secures office fronts in a sleek, contemporary design that contributes valuable daylighting for the space. The door and frame opening consists of a top hung sliding door track and sidelight capable of spanning the full office front. Corner conditions can be added to use the framing system as the return of adjacent walls. Frameworks Narrow Stile doors glide smoothly and quietly with profiles that match that of the aesthetic elements of the frame.

Features and options:

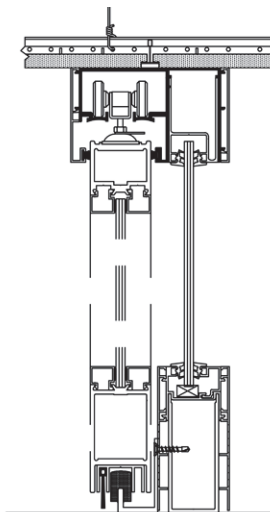

- Units up to 10' tall
- Wrap (3-3/4" partition) or abut walls
- Various trim options (1-1/2" or 2" faces; 1-1/2", 2", or 4")
- Compatible with 1/4" or 3/8" thick glass
- Door stiles available at 2-5/8", 4-1/4" or 5-1/2"
- Door rails available at 1-1/2" (top only), 3-3/4", 6", 10" (bottom only), or 12" (bottom only)
